BLOMMELAND EDUCARE CENTRE

SICK CHILDREN POLICY

Parents must inform the school of their child's absence via telephone / WhatsApp or email please.

We will continue to enforce strict rules on sick children that attend daycare. Although we understand that parents don't always have alternatives and that a fever comes with no forewarning, it is important for us to provide a healthy environment for the other kids and teachers in class.

If your child is unwell, the child should be kept at home until seen by a medical practitioner and given the OK to return to school. Unfortunately, we do not have facilities to care for sick children and children do recover much quicker at home. Parents must also bear in mind that by sending your child back to school prematurely can make him / her more susceptible to catch other diseases, as their immune systems are still compromised and not ready to fight - this often causes the stigma of "my child keeps on getting sick at school". It is advised to wait out the full recovery period before sending your child to school again.

ECD centres could be called 'catchment areas' for illness causing pathogens. The hygiene and cleaning practices at Blommeland Educare keep bacteria to a minimum. Viruses, however, are air-borne and more difficult to control.

The following rules will apply with no exceptions:

1. Ill children may not attend.

2. Children who are ill may not be brought to the ECD centre especially under the following conditions:

- | | |
|--|-----------------------------|
| - Within 12 hours of a high temperature; | - Colds and flus; |
| - Within 48 hours of going onto an antibiotic; | - Spots of any description; |
| - Any mucus in or on the eyes; | - Ringworm and Impetigo; |
| - Yellow, green or brown mucus; | - Head lice |

- Draining ears;
- Oral thrush
- Diarrhoea and vomiting;
- Pink eye or conjunctivitis;
- Hand, Foot and Mouth Disease;
- Sore throats, tonsillitis and coughs;
- High temperatures (37.8 C and above);

3. Children with contagious diseases (including any lower- or upper airway infections, bronchitis, tonsillitis, undiagnosed skin rashes, tummy bugs etc.) must be kept at home until a Medical Doctor has cleared them fit to attend school again - please inform us once a diagnosis has been made in order to inform other parents as well.

MEDICINE

No medicine of any kind are allowed on the premises, unless for the following exceptions, for which parents have to obtain prior approval via the office. Staff will not administer medicine on instruction of a parent (or a note in the school bag) - only via the office:

- If the child suffers from any chronic disease and require a dosage throughout the day (a doctor's letter must be sent to school to confirm condition and medication requirements).
- If a child is to undergo an operation and require preoperative antibiotics to be administered.
- Asthma pumps in case of an asthma attack (doctor's letter must be sent to the office to confirm asthmatic condition and directions for use).
- Panado / Calpol (supplied by the school) in case of a high fever developing during the day and only with prior permission from the parent. The dosage and time given will be recorded in the medicine book and the parents will be contacted to collect the child as soon as possible.
- Pessaries, suppositories and injections will not be administered as this is considered invasive.

COVID 19

A detailed policy has been drawn up regarding Covid 19 scenarios - please refer to the Covid 19 file and related documents or request guidance from the office in case of a positive test.

I, _____ the parent of _____
herewith acknowledges the sick child policy of Blommeland Educare and agree by signature hereof
